

Install Consultant

DM2 Software, Inc. is looking for an ambitious, organized team player to join our professional services division.

As a consultant you will:

- Manage new installations of MAS90, MAS200, and DM2 Petroleum modules at the client's worksite.
- Test for compatibility and proper function of applications
- Assist in the planning and implementation of client software upgrades
- Present information and respond to questions from groups of managers, clients, customers and the general public.
- Define problems, collect data, establish facts, and draw valid conclusions
- Interpret and implement technical instructions in written and verbal form and deal with abstract and concrete variables
- Travel – Up to 30%, Flexible schedule

The ideal person is someone with the following skills, abilities, and experience:

- Working knowledge of Sage MAS 90, MAS 200, Crystal Reports, FRx
- Ability to handle multiple projects in a fast-paced, flexible environment
- Excellent communication skills – including written, verbal, and listening
- Team player
- Proficiency with Microsoft Office software
- Ability to learn new processes quickly
- Willingness to take on new challenges
- Classroom training and report writing experience
- Two or more years in a consulting, project management, or accounting role
- Knowledge of the petroleum industry a plus
- Bachelors degree in Business, Accounting or related field

Please email cover letter and resume to jobs@dm2.com or fax to 360-823-1174.

If you are interested in utilizing your strong accounting background to assist companies with implementing accounting and business management technologies as well as improving their business processes, you should consider this opportunity.
